EXPERIENCE

Infosys
ShadowFox
Udemy

During my recent internship experiences at Infosys and Shadowfox, I gained invaluable insights into the tech industry and honed my skills in software development. At Infosys, I worked on a team developing innovative solutions for client projects, learning best practices in coding, project management, and teamwork. My time at Shadowfox allowed me to delve deeper into cutting-edge technologies and apply my knowledge to real-world challenges, enhancing my problem-solving abilities. Additionally, I earned a Python certification from Udemy, which equipped me with advanced programming skills and a thorough understanding of Python's applications. These experiences have significantly enriched my technical expertise and prepared me for future endeavors in the tech field.

EDUCATION

Amrita Vidyalayam
SSC [Class 10th]
